

Juan Magan (feat. Gente de Zona)—He llorado

Español HE LLORADO	English I HAVE CRIED
Hoy me he dado cuenta que he perdido el tiempo pensando en conseguir más de lo que ya tengo sin valorar lo que la vida ya me daba a tu lado	Today I realized that I've wasted my time thinking about having more than I already have without valuing what life already gave me with you by my side
y ahora que te tengo tan lejos reconozco los días	and now that you're so far away, I can recognize the days
He llorado, como un niño que no ve la luz del sol cuando es verano y le han quitado, de sus manos su mejor sonrisa el tiempo máspreciado	I have cried, like a child that can't see the light of the sun in summer and has had taken away from him his best smile, his most cherished time
Y no me he cansado de soñarte a mi lado de pensar que al día de hoy me has olvidado yo te amo, yo te amo, yo te amo	And I haven't tired of dreaming of you by my side, to think that by today you must have forgotten me I love you, I love you, I love you.
Y aunque di la vuelta al mundo no conozco una frontera que los corazones rompan dos, no hay patria ni bandera más bonita que la brisa que se dibuja en tu cara soy pirata navegando en los mares de tu mirada	And even though I went around the world, I don't know a border that two hearts can't break, there's no homeland or flag more beautiful than the breeze painted over your face I am a pirate sailing the seas of your look
No quiero dejar de pensar en ti No puedo dejar de soñar contigo Dime que hago si no estás aquí Te necesito como el aire que respiro	I don't want to stop thinking about you I can't stop dreaming about you Tell me what to do if you are not here I need you like the air that I breath
Refrán	Chorus
Sin valorarte, de nada vale tenerte cerca o lejos, no me quejo solo quiero hacerme viejo, a tu lado	Without valuing you, it's useless having you near or far, I'm not complaining I only want to grow old, by your side
Refrán	Chorus
